MESSAGE FROM RAMA MOHAN RAO HEBBARE, FOUNDER

Right to Education is one of the most important basic rights which every individual of this world should be provided with, irrespective of their social status. Our aim is to motivate children to educate & empower themselves with the abilities to have access to all the basic necessities of life enabling them to earn respect & dignity for themselves and their future generations.

Bhavasar Kshatriya Education Trust is an independent charitable trust helping children in need to get the most out of their education, so that they can create better future for themselves. By giving the destitute children, the support and resources they need to achieve their full potential, our impact will not only have a lasting effect on the children we help today, but also for the generations to come.

As the Founder of Bhavasar Kshatriya Education Trust, I strongly believe that it's our duty and responsibility to give back to the society in which we live. Our dream is to see a brighter India with 100% literacy and we know that our dreams will bear fruit with the support of you all.

We are truly grateful to many of the caring patrons who support the work we do for these children and we urge everyone to support the children in whatever small way they can. Without your generosity, our work simply wouldn't be possible.

Education is useful to all kids - girls & boys. It is useful to us for our future. Education is essential for living, in the same way as our fingers, which are essential for our body in performing daily tasks.

Jashwitha Patange, Standard VII, Kurnool

(A Student who understood the importance of education)

If you want to know the importance of education, it can be understood from the life of Dr.Baba Saheb Ambedkar. He hailed from a very poor family. He desperately wanted to educate himself, so he sold his silver waist thread and purchased books to educate himself.

Dr.Baba Saheb Ambedkar educated himself and went on to co-author the Constitution of India.
